Fruit at the Breakfast Table!

Nature Provides Its Own Remedies. Which, If Used Judiciously, Insure Perfect Health at All Times.

Aside from the pleasure of eating reasonable fruits beginning the first meal of the day, this custom has time immemorial arisen from the well known fact that naturally all fruit and more particularly prunes and PINEULES contain natural laxative principles which act directly on the stomach and bowels. Constipation, that dread ailment of our civilization, which is the cause of many of our diseases, is a prevalent ailment, and, if neglected, leads to more complicated and dangerous diseases, can surely be prevented, and when not too far advanced, can be absolutely cured by the judicious use of the modern laxative and cathartic California Prune Wafers. They are not a patent medicine in the ordinary sense of the word, being compounded from fresh California Prunes, which, however, foreign persons do not know is truly nature's laxative. A dainty little wafer, always the same, compounded in a highly concentrated form from fresh California Prunes, they are a natural solvent action on the contents of the stomach and bowels and not on the organs themselves. They regulate the Liver and Stomach, Cleanse the System and Purify the Blood, Cure all Bowel Troubles, Indigestion, Bad Breath, Bad Blood, Headaches, Constipation, Bloating Bowels, Flatulency, Hiccoughs, Indigestion, Dizziness and Dizziness. Every household should have its family package of California Prune Wafers, and at the first signs of approaching illness or when under the weather, take a course of wafers, and the doctor's bill will soon be much smaller than they are now. You can eat what you please if you follow each meal with a California Prune Wafer, which quickly dissolves in the most indigestible food, and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea. 100 Wafers for 25c. Irving Drug Co., Sole Proprietors, Philadelphia, Pa.
